2. Apprenticeships Dynamic Purchasing System

LPP contract reference number	LPP/2017/005
OJEU reference	2017/S 046-084770
Contract type	Dynamic Purchasing System
Contract background	In April 2017 the way the government funds apprenticeships in England is changing with employers with a pay bill over £3 million per annum being required to contribute to a new apprenticeship levy. From the 1st May 2017, employers can begin to use their levy funds to cover the costs of apprenticeship training, assessment and certification. Public sector organisations, including the NHS, will need to comply with the Public Contract Regulations 2015 when selecting a provider/assessment organisation, as well as adhering to their own organisational Standing Financial Instructions.
Contract detail	<p>The following apprenticeship categories are currently in scope of the DPS: -</p> <ul style="list-style-type: none"> Adult care (health & social care) AHP support Business administration Children's and young people workforce Customer services Dental nurses Digital marketing (social and digital media) Digital services (IT, data analysis) English & maths functional skills Facilities management Finance & accountancy Healthcare assistant practitioner Healthcare science Healthcare support worker (clinical healthcare support) Healthcare support services Hospitality and catering HR and recruitment Leadership and management Maternity and paediatric support Network engineer (IT professionals) Peri-operative support Pharmacy services
Benefits of using the contract	<p>The Dynamic Purchasing System will provide contracting authorities with a compliant and potentially quick, route to market to procure apprenticeship training provision. The DPS is not divided in to lots but structured so that potential providers can select which of the training categories and regions they wish to be considered for, allowing contracting authorities a choice of how best to approach the market.</p> <p>Benefits for contracting authorities include:</p> <ul style="list-style-type: none"> • Shortened procurement time as advertisement in OJEU and PQQ stage has already been undertaken. • The DPS encourages competition as it is easier for local providers to get on to the DPS and join at any time during its period of validity. • Participating organisations can develop their own specification, based on pre-developed templates, to meet their own requirements and formulate the award criteria more precisely. • Award of individual tenders can be quicker than under some other procedures. The minimum time limit for

	<p>return of tenders is 10 days.</p> <ul style="list-style-type: none"> • Award criteria can be formulated more precisely for specific local contracts.
Framework dates	03/04/17 – 02/04/22
Contract duration	1 Year
Permitted framework extensions:	3 Years

3. Audit and Consultancy Audit

LPP contract reference number	Audit
OJEU reference	2014/S 125-222805
Contract type	Framework
Contract background	Auditing is an essential part of the process of accountability for public money and makes an important contribution to the stewardship of public resources and the corporate governance of public services. Audit services have previously been provided through local contracts – this framework provides a means of procuring audit services in a timely and legally compliant manner.
Contract detail	Lot 1 – Provision of External Audit Services Lot 2 – Provision of Internal Audit Services Lot 3 – Provision of Counter Fraud Services Lot 4 – Provision of Internal Audit and Counter Fraud Services Lot 5 – Provision of Consultancy Audit Services
Benefits of using the contract	<p>Financial Benefits Savings are achieved through: Ceiling rates provided which can be reduced via a further competition. Supplier's pricing remaining anonymised and confidential to help maintain competitive pressure.</p> <p>Other Benefits Reduced risk - all providers awarded to the framework conform with Institute Chartered Accountants in England & Wales; Monitor and the Audit Commission requirements; statutory obligations and codes of practise as applicable to external audit, internal audit and counter fraud services for Publicly Funded organisations and Charities. All providers awarded to the framework have previous demonstrated audit experience of publicly funded entities. Reduction in time taken to procure audit services. During a mini competition weightings of the evaluation criteria can be amended to place a greater emphasis on a particular element of the audit service and better reflect the needs of the contracting authority. The terms and conditions of the framework agreement and call off contracts have been agreed with each framework provider so no further legal dialogue is required.</p>
Framework dates	01/02/2015 – 01/02/2017 extended to 01/02/2018
Contract duration	2 Years
Permitted framework extensions:	2x 12 months

4. Building & Engineering Dynamic Purchasing System

LPP contract reference number	LPP/2017/002
OJEU reference	
Contract type	Dynamic Purchasing System
Contract background	NHS trusts and other public sector organisations require the ability to flexibly deliver building & engineering maintenance services in the way they see fit for their site(s). The DPS can be utilised by any public sector organisation. This includes NHS Trusts (including PFI healthcare buildings and facilities), NHS Collaborative Procurement Organisations, Clinical Commissioning Groups, NHS England, NHS Property Services Ltd and other approved public sector organisations in England. Potential users of the DPS are identified in the OJEU Contract Notice.
Contract detail	<p>The following apprenticeship categories are currently in scope of the DPS: -</p> <p>DPS Work Categories:</p> <ul style="list-style-type: none"> • Cooling & Refrigeration • Air Handling Units • Lifts, Escalators & Conveyance Systems • Patient Hoists Water Systems • Boilers & Associated Plant • Building Management Systems • Automatic Control Systems • Security Systems • Access Control Systems • Intruder & CCTV Systems • UPS & Generators • Portable Appliance Testing • Fixed Wire Testing • Automatic Doors • Medical Gas Pipeline & Equipment Maintenance • Stage Lighting • Emergency Lighting
Benefits of using the contract	<p>The DPS was chosen as the most suitable commercial vehicle following feedback from LPP trusts and other potential users of the system. Establishing a DPS with multiple providers will help to create an environment which encourages fair competition, allowing potential providers to join at anytime and choose whether to compete for all or any of the other work categories under the DPS for which they are considered suitable.</p> <p>Benefits for contracting authorities include:</p> <ul style="list-style-type: none"> • Shortened procurement time as advertised in OJEU and PQQ stage has already been undertaken. • Contracting authorities can undertake a competition with a group of pre-qualified tenderers with all qualification documentation held centrally by LPP. • Encourages competition as it is easier for local providers to get

	<p>on to the DPS and join at any time during its period of validity.</p> <ul style="list-style-type: none"> • Awards of individual tenders can be quicker than under some other procedures. The minimum time limit for return of tenders is 10 days. • Suppliers may join the DPS at any time during its validity period so they are not locked out.
Framework dates	01/04/17 – 31/03/21

5. Building & Engineering Maintenance Services

LPP contract reference number	LPP/2014/004
OJEU reference	2014/S 212-375691
Contract type	Framework
Contract background	London Procurement Partnership (LPP) worked with Crown Commercial Services (CCS) since 2010 promoting their framework for Building & Engineering Maintenance. The CCS framework expired in October 2014 and CCS decided not to renew this framework, instead deciding to establish a Total Facilities Management (TFM) framework. Having discussed the replacement CCS framework with a number of LPP members it became apparent a TFM contract would not meet their requirements and the existing structure of the Building & Engineering Maintenance framework with some additional lots would better suit them. As such LPP undertook a separate OJEU process to establish a framework.
Contract detail	<p>Lot 1 – Fully Managed Building & Engineering Maintenance Service</p> <p>Lot 2 – Cooling & Refrigeration – Chillers, Condensers, Split A/Cs</p> <p>Lot 3 – Air Handling Units, Filters, Ventilation and Extraction</p> <p>Lot 4 – Lifts, Escalators and Conveyance Systems</p> <p>Lot 5 – Patient Hoists</p> <p>Lot 6 – Water Systems – Servicing, Legionella Testing, Thermostatic Mixing Valves, Water Hygiene and Associated Plant</p> <p>Lot 7 – Fire Systems – Fire Alarm Systems, Smoke/ Heat Detection Systems, Sprinkler Systems, Extinguishers and Hose Reels</p> <p>Lot 8 – Boilers & Associated Plant</p> <p>Lot 9 – Building Management Systems and Automatic Control Systems</p> <p>Lot 10 – Security, Access Control, Intruder and CCTV Systems</p> <p>Lot 11 – UPS and Generators</p> <p>Lot 12 – Portable Appliance Testing and Fixed Wire Testing</p> <p>Lot 13 – Automatic Doors</p> <p>Lot 14 – Medical Gas Pipeline and Equipment Maintenance</p>
Regions:	<p>The Framework has also been split into a number of geographical regions to support SME's in applying for the framework:</p> <ul style="list-style-type: none"> • Region A – London • Region B – North England • Region C – Midlands and East of England • Region D – South of England
Benefits of using the contract	<p>Standardise Forms of Contract – to be specific for the NHS.</p> <p>Simplify the process for Trusts to procure the services and suppliers.</p> <p>Consolidate provider base – providing high quality suppliers to the NHS.</p> <p>Improve consistency of service delivery.</p> <p>Provide flexibility for NHS Trusts.</p> <p>Embrace the Sustainability, Corporate Social Responsibility and SME agendas.</p>

7. Construction Consultancy Services

LPP contract reference number	L0038
OJEU reference	2014/S 027-043350
Contract type	Framework
Contract background	<p>This framework has been established to allow LPP members to award contracts for a range of building professional services. This covers a wide range of services that LPP members can either call-off directly from the framework or select their preferred supplier through a mini competition.</p> <p>Spend on estates and facilities professional services is currently uncoordinated with a large range of suppliers being used. This framework has been established to allow flexibility in contracting methods while providing a more coordinated and structured route to market which should allow LPP members to award contracts in a quick but compliant manner.</p>
Contract detail	<p>Lot 1 - Multi-Discipline Building Services (call off or mini competition)</p> <p>Lot 2 - Architectural Services (call off or mini competition)</p> <p>Lot 3 - Building Surveying Services & Condition Reporting (call off or mini competition)</p> <p>Lot 4 - CDMC (Construction, Design & Management Consultants) (call off or mini competition)</p> <p>Lot 5 - Civil & Structural Engineering Services (call off or mini competition)</p> <p>Lot 6 - Cost Advisor (call off or mini competition)</p> <p>Lot 7 - Mechanical & Electrical Engineering Services (call off or mini competition)</p> <p>Lot 8 - Project Management (call off or mini competition)</p>
Benefits of using the contract	<p>The framework will provide LPP members with access to a wide range of building estates & facilities professional services.</p> <p>LPP members can call off of the framework based on agreed framework rates or undertake a mini competition to further define their requirements. Both options are fully OJEU compliant.</p> <p>The framework is structured around a range of contract models which allows LPP members the opportunity to award contracts under their preferred contracting model.</p> <p>Additional works can be included in the contract within specified ranges which removes the need to undertake a separate procurement process once the initial work is completed.</p>

12. Minor Building Works Dynamic Purchasing System

LPP contract reference number	LPP/2015/021
OJEU reference	2015/S 213-387719
Contract type	Dynamic Purchasing System
Contract background	LPP identified a need for a compliant route to access suppliers for low value minor building works' services. A Dynamic Purchasing System enables smaller enterprises to bid for public sector work, and suppliers can apply to join the DPS throughout its life, unlike a standard framework.
Contract detail	<p>The DPS covers the following work categories:</p> <ul style="list-style-type: none"> Construction Work Building Construction Work Repair and Maintenance Services Building Services Maintenance (M & E) Electrical Installation & Maintenance/Services Building (General) Building Refurbishment Over £15k Building Repairs And Improvements (Max Notation £15k) Building (Design & Construct) Painting & Decorating (General) Joinery Doors Windows (Pvcu) Glazing Roofing Brick And Blockwork Tiling (Wall) Plumbing Flooring (General) Demolition Work Scaffolding Asbestos Removal/Treatment Site Clearance Landscaping Fencing Building (Hospitals) Building (Multi Storey Car Parks) to include maintenance Drainage Fire Protection (Sprinklers) Fire Protection-Smoke Vents (Automatic) Insulation (Building) Locksmiths Office Fit Out Partitions Plastering Road Maintenance (Minor Works) Building (Prefabricated/Temporary) Supply & Install Listed Building Work
Benefits of using the contract	<p>All suppliers who have been awarded on to the DPS have already passed the first stage, the pre-qualification questionnaire (PQQ). This included supplier information, exclusion & selection criteria, economic & financial standing and technical & professional ability.</p> <p>Benefits for contracting authorities include:</p> <ul style="list-style-type: none"> • Shortened procurement times as advertisement in OJEU and PQQ stage have already been undertaken - no further advertisement is necessary.

	<ul style="list-style-type: none"> • Increased competition as local providers can apply to get on to the DPS at any time during its period of validity. • Participating organisations can develop their own specification, based on pre-developed templates, to meet their own requirements and formulate the award criteria more precisely.

13. Payroll Services

LPP contract reference number	LPP/2016/010
OJEU reference	2016S/172-309970
Contract type	Framework
Contract background	<p>NHS organisations may consider contracting out their payroll services in order to achieve efficiency savings.</p> <p>The Framework provides a means of selecting a cost-competitive supplier to deliver payroll services by way of a mini-competition. The Framework also provides a set of standard service specifications and performance indicators which helps avoid duplication of effort and enables NHS organisations to buy services in a timely and legally compliant manner.</p>
Contract detail	Mini -Competition
Benefits of using the contract	<p>The Framework has established ceiling prices that a supplier may not exceed when delivering services to any participating authority.</p> <p>NHS organisations are able to save on time and costs associated with running a full procurement.</p> <p>Standard services specifications and performance indicators have already been established that participating authorities can use as the base for developing their service.</p> <p>The breadth of services and the flexibility built into the framework enables NHS organisations to think more proactively about how they might outsource some of their back office processes.</p> <p>Volume discounts are available to organisations using the framework on reaching pre-defined payslip levels.</p>

14. PFI Contracts Review

LPP contract reference number	LPP/2015/020
OJEU reference	2016/S 076-134603
Contract type	Framework
Contract background	The service allows NHS organisations to engage LPP, working in partnership with external PFI specialists, to look hard at their existing operational PFI contracts, and to institute measures to drive efficiencies and make savings in PFI contracts in line with the latest HM Treasury guidance. The suppliers will help and support LPP to provide member trusts with a 'one stop shop' multi discipline (financial, technical, legal) PFI efficiency review service.
Contract detail	Lot 1 – PFI Contracts Review (mini-comp/ Call-Off)
Benefits of using the contract	<p>An OJEU compliant route to market for PFI specialist advisors.</p> <p>The selected external advisors are highly experienced PFI finance, technical and legal experts who have a proven track record of delivering significant PFI savings across the public sector.</p> <p>Proven service with the first review delivering an optimum price reduction to the organisation of £4.81m on the soft FM element of the PFI contract over the next five years. This reduction represents a saving of around 12 percent on the annual spend on soft FM services, whilst maintaining service levels to the required standard.</p> <p>Services provided on a fixed or capped fee based on a competitive standard day rate rather than the 'success fee' model commonly adopted by commercial advisory organisations. This allows the NHS to keep all of the benefits delivered.</p>

15. Professional Services Dynamic Purchasing System

LPP contract reference number	LPP/2017/001
OJEU reference	
Contract type	Dynamic Purchasing System
Contract background	NHS trusts and other public sector organisations require the ability to flexibly deliver Estates Professional Services in the way they see fit for their site(s). The DPS can be utilised by any public sector organisation. This includes NHS Trusts (including PFI healthcare buildings and facilities), NHS Collaborative Procurement Organisations, Clinical Commissioning Groups, NHS England, NHS Property Services Ltd and other approved public sector organisations in England. Potential users of the DPS are identified in the OJEU Contract Notice.
Contract detail	<p>The following apprenticeship categories are currently in scope of the DPS: -</p> <p>DPS Work Categories:</p> <ul style="list-style-type: none"> Architecture Building Surveying CDM Coordinator Civil & Structural Engineering Cost Planning Electrical Services Project Management Air Systems Consultancy Breeam Assessments CRC & EU ETS Energy Conservation Geo-Thermal Surveys Energy Procurement Lighting Consultancy Environmental Impact Assessment Topographical, Building/ Infrastructure/ Site Surveys Authorising Engineers and Regulatory Consultancy Fire Consultancy Lift Consultancy Security Consultancy Waste Consultancy Water Hygiene & Legionella Risk Assessment and Consultancy Services Asbestos Surveys Life Cycle Planning & Management Estates Strategy and Business Case Development Equality Act/ DDA Consultancy Built Environment Consultancy and Workplace Transformation FM and Building Operations and Asset Management Consultancy Rent & Rates Review Property Acquisition Disposal & Management Advisory Healthcare Planning Acoustic & Vibrations Consultancy Drone Survey Ecology & Biodiversity
Benefits of using the contract	A DPS was chosen as the most suitable commercial vehicle following feedback from LPP member Trusts and other potential users of the

	<p>system. Establishing a DPS with multiple providers will help to create an environment which encourages fair competition, allowing Potential Providers to join at any time and choose whether to compete for all or any of the requirements for Estates Professional Services under the DPS for which they are considered suitable.</p> <p>Potential Providers who are successful in securing a place on the DPS will be entered onto a computer database maintained by Constructionline which the Contracting Authorities will access to source provision that meets their local business requirements.</p>
	<p>Benefits for contracting authorities include:</p> <ul style="list-style-type: none"> • Shortened procurement time as advertisement in OJEU and PQQ stage has already been undertaken. • Encourages competition as it is easier for local providers to get on to the DPS and join at any time during its period of validity. • Contracting Authorities can undertake a competition with a group of pre-qualified Tenderers with all qualification documentation held centrally by LPP. • Award of individual tenders can be quicker than under some other procedures. The minimum time limit for return of tenders is 10 days • Award criteria can be formulated more precisely for specific local contracts, adapting the LPP templates as appropriate. • Suppliers don't have to demonstrate suitability and capability every time they wish to compete for a public sector contract. • Suppliers may join the DPS at any time during its period of validity so they are not "locked out". • More accessible for SMEs.

16. Soft Facilities Management Services

LPP contract reference number	L0028
OJEU reference	2012/S 187-0307998
Contract type	Framework
Contract background	<p>This framework has been established to allow public sector organisations to award contracts for a range of soft facilities management services. These can either be awarded on a per lot basis or can be awarded as a managed service through lot 1. Soft facilities management contracts are complex agreements which can take significant time and cost to award. LPP identified an opportunity to provide a framework to make the process faster, easier but also OJEU compliant.</p> <p>All suppliers appointed to this Framework provide comprehensive and innovative soft facilities management solutions and proactively assist the Authorities in their attempts to achieve efficiency savings through improved ways of working without impacting on patient care.</p>
Contract detail	<p>Lot 1 - Fully Managed Service for Soft Facilities Management Services (mini competition)</p> <p>Lot 2a - General Cleaning Services (mini competition)</p> <p>Lot 2b - Window Cleaning Services (mini competition)</p> <p>Lot 2c - Pest Control and Prevention Services (mini competition)</p> <p>Lot 3 - Catering Services (mini competition)</p> <p>Lot 4 - Linen and Laundry Services (mini competition)</p> <p>Lot 5 - Security and Manned Guarding Services (mini competition)</p>
Benefits of using the contract	<p>Provides a comprehensive soft facilities management service which meets all of the Authority's requirements and is OJEU compliant.</p> <p>Supports the Authority in meeting its requirements under The New Fair Deal.</p> <p>Provides a flexible solution in regard to the changes that may affect both the NHS and the wider public sector during the life of the framework.</p> <p>The framework is based on generic service specifications, which can be adapted to capture the requirements and service levels specific to the Authority. The suppliers' ability to deliver such specific requirements can be examined in the mini competition.</p>

21. Waste Management

LPP contract reference number	L0018
OJEU reference	2012/S 134-223380
Contract type	Framework
Contract background	<p>This framework has been established to allow public sector organisations to award contracts for waste collection and disposal services. These can either be awarded on a per lot basis or can be awarded as a managed service through lot 3.</p> <p>All suppliers appointed to this Framework provide comprehensive and innovative waste solutions and proactively assist Authorities in their attempts to reduce the quantities of waste sent to landfill and achieve their recycling targets. This is in line with the revised Waste (England and Wales) Regulations 2011, that prioritises the waste hierarchy.</p>
Contract detail	<p>Lot 1 - General Waste and Recycling (mini competition)</p> <p>Lot 2 - Clinical, Hazardous and Radioactive Waste (mini competition)</p> <p>Lot 3 - Integrated Waste Management (mini competition)</p>
Benefits of using the contract	<p>Provides a comprehensive waste service which meets all of the Authority's requirements and is OJEU compliant.</p> <p>Challenges contractors to demonstrate that the majority of the waste it handles is not sent to land fill and utilises the most appropriate and environmentally friendly methodology for treatment and disposal. Contractors provide transparent online reporting systems which identify the final destination for each waste stream showing whether it has been reused, recycled, recovered (waste-energy) or sent to land fill.</p> <p>The contract provides solutions that minimise waste to landfill, treats waste as a resource and embraces strategies to reduce miles and its ensuing carbon footprint and cost.</p> <p>Requires suppliers to have a fleet of vehicles which are at least EUROV compliant have been equipped with GPS tracking and reporting facilities on both the waste collected and the carbon footprint for the collection.</p> <p>Encourages Contractors to undertake training, education and road-shows to the Authority's employees to encourage and increase waste awareness.</p> <p>Provides a flexible solution in regard to the changes that may affect both the NHS and the wider public sector during the life of the framework.</p>
