2. Apprenticeships Dynamic Purchasing System

LPP contract reference number	LPP/2017/005
OJEU reference	2017/S 046-084770
Contract type	Dynamic Purchasing System
Contract background	In April 2017 the way the government funds apprenticeships in England is changing with employers with a pay bill over £3 million per annum being required to contribute to a new apprenticeship levy. From the 1st May 2017, employers can begin to use their levy funds to cover the costs of apprenticeship training, assessment and certification. Public sector organisations, including the NHS, will need to comply with the Public Contract Regulations 2015 when selecting a provider/assessment organisation, as well as adhering to their own organisational Standing Financial Instructions.
Contract detail	<p>The following apprenticeship categories are currently in scope of the DPS: -</p> <ul style="list-style-type: none"> Adult care (health & social care) AHP support Business administration Children's and young people workforce Customer services Dental nurses Digital marketing (social and digital media) Digital services (IT, data analysis) English & maths functional skills Facilities management Finance & accountancy Healthcare assistant practitioner Healthcare science Healthcare support worker (clinical healthcare support) Healthcare support services Hospitality and catering HR and recruitment Leadership and management Maternity and paediatric support Network engineer (IT professionals) Peri-operative support Pharmacy services
Benefits of using the contract	The Dynamic Purchasing System will provide contracting authorities with a compliant and potentially quick, route to market to procure apprenticeship training provision. The DPS is not divided in to lots but structured so that potential providers can select which of the training categories and regions they wish to be considered for, allowing contracting authorities a choice of how best to approach the market.

3. Audit and Consultancy Audit

LPP contract reference number	Audit
OJEU reference	2014/S 125-222805
Contract type	Framework
Contract background	Auditing is an essential part of the process of accountability for public money and makes an important contribution to the stewardship of public resources and the corporate governance of public services. Audit services have previously been provided through local contracts – this framework provides a means of procuring audit services in a timely and legally compliant manner.
Contract detail	<p>Lot 1 – Provision of External Audit Services</p> <p>Lot 2 – Provision of Internal Audit Services</p> <p>Lot 3 – Provision of Counter Fraud Services</p> <p>Lot 4 – Provision of Internal Audit and Counter Fraud Services</p> <p>Lot 5 – Provision of Consultancy Audit Services</p>
Benefits of using the contract	<p>Financial Benefits Savings are achieved through: Ceiling rates provided which can be reduced via a further competition. Supplier's pricing remaining anonymised and confidential to help maintain competitive pressure.</p> <p>Other Benefits Reduced risk - all providers awarded to the framework conform with Institute Chartered Accountants in England & Wales; Monitor and the Audit Commission requirements; statutory obligations and codes of practise as applicable to external audit, internal audit and counter fraud services for Publicly Funded organisations and Charities. All providers awarded to the framework have previous demonstrated audit experience of publicly funded entities. Reduction in time taken to procure audit services. During a mini competition weightings of the evaluation criteria can be amended to place a greater emphasis on a particular element of the audit service and better reflect the needs of the contracting authority. The terms and conditions of the framework agreement and call off contracts have been agreed with each framework provider so no further legal dialogue is required.</p>
Framework dates	01/02/2015 – 01/02/2017 extended to 01/02/2018
Contract duration	2 Years
Permitted framework extensions:	2x 12 months
Suppliers	<p>Lot 1 – Provision of External Audit Services BDO Deloitte Grant Thornton KPMG Mazars Moore Stephens Price Bailey PWC</p> <p>Lot 2 – Provision of Internal Audit Services 360 Assurance Baker Tilly BDO CW Audit Deloitte Grant Thornton KPMG</p>

4. Building & Engineering Dynamic Purchasing System

LPP contract reference number	LPP/2017/002
OJEU reference	
Contract type	Dynamic Purchasing System
Contract background	NHS trusts and other public sector organisations require the ability to flexibly deliver building & engineering maintenance services in the way they see fit for their site(s). The DPS can be utilised by any public sector organisation. This includes NHS Trusts (including PFI healthcare buildings and facilities), NHS Collaborative Procurement Organisations, Clinical Commissioning Groups, NHS England, NHS Property Services Ltd and other approved public sector organisations in England. Potential users of the DPS are identified in the OJEU Contract Notice.
Contract detail	<p>The following apprenticeship categories are currently in scope of the DPS: -</p> <p>DPS Work Categories:</p> <ul style="list-style-type: none"> • Cooling & Refrigeration • Air Handling Units • Lifts, Escalators & Conveyance Systems • Patient Hoists Water Systems • Boilers & Associated Plant • Building Management Systems • Automatic Control Systems • Security Systems • Access Control Systems • Intruder & CCTV Systems • UPS & Generators • Portable Appliance Testing • Fixed Wire Testing • Automatic Doors • Medical Gas Pipeline & Equipment Maintenance • Stage Lighting • Emergency Lighting
Benefits of using the contract	<p>The DPS was chosen as the most suitable commercial vehicle following feedback from LPP trusts and other potential users of the system. Establishing a DPS with multiple providers will help to create an environment which encourages fair competition, allowing potential providers to join at anytime and choose whether to compete for all or any of the other work categories under the DPS for which they are considered suitable.</p> <p>Benefits for contracting authorities include:</p> <ul style="list-style-type: none"> • Shortened procurement time as advertised in OJEU and PQQ stage has already been undertaken. • Contracting authorities can undertake a competition with a group of pre-qualified tenderers with all qualification documentation held centrally by LPP. • Encourages competition as it is easier for local providers to get on to the DPS and join at any time during its period of validity. • Awards of individual tenders can be quicker than under some other procedures. The minimum time limit for return of tenders is 10 days.

	<ul style="list-style-type: none"> Suppliers may join the DPS at any time during its validity period so they are not locked out.
Framework dates	01/04/17 – 31/03/21
Contract duration	1 Year
Permitted framework extensions:	3 Years
Suppliers	As the list of qualified suppliers for each lot may regularly change, please contact the framework manager for an up to date supplier list.
Accessible to?	All Public Sector
LPP main contact person	Edward James

5. Building & Engineering Maintenance Services

LPP contract reference number	LPP/2014/004
OJEU reference	2014/S 212-375691
Contract type	Framework
Contract background	London Procurement Partnership (LPP) worked with Crown Commercial Services (CCS) since 2010 promoting their framework for Building & Engineering Maintenance. The CCS framework expired in October 2014 and CCS decided not to renew this framework, instead deciding to establish a Total Facilities Management (TFM) framework. Having discussed the replacement CCS framework with a number of LPP members it became apparent a TFM contract would not meet their requirements and the existing structure of the Building & Engineering Maintenance framework with some additional lots would better suit them. As such LPP undertook a separate OJEU process to establish a framework.
Contract detail	<p>Lot 1 – Fully Managed Building & Engineering Maintenance Service</p> <p>Lot 2 – Cooling & Refrigeration – Chillers, Condensers, Split A/Cs</p> <p>Lot 3 – Air Handling Units, Filters, Ventilation and Extraction</p> <p>Lot 4 – Lifts, Escalators and Conveyance Systems</p> <p>Lot 5 – Patient Hoists</p> <p>Lot 6 – Water Systems – Servicing, Legionella Testing, Thermostatic Mixing Valves, Water Hygiene and Associated Plant</p> <p>Lot 7 – Fire Systems – Fire Alarm Systems, Smoke/ Heat Detection Systems, Sprinkler Systems, Extinguishers and Hose Reels</p> <p>Lot 8 – Boilers & Associated Plant</p> <p>Lot 9 – Building Management Systems and Automatic Control Systems</p> <p>Lot 10 – Security, Access Control, Intruder and CCTV Systems</p> <p>Lot 11 – UPS and Generators</p> <p>Lot 12 – Portable Appliance Testing and Fixed Wire Testing</p> <p>Lot 13 – Automatic Doors</p> <p>Lot 14 – Medical Gas Pipeline and Equipment Maintenance</p>
Regions:	<p>The Framework has also been split into a number of geographical regions to support SME's in applying for the framework:</p> <ul style="list-style-type: none"> • Region A – London • Region B – North England • Region C – Midlands and East of England • Region D – South of England
Benefits of using the contract	<p>Standardise Forms of Contract – to be specific for the NHS.</p> <p>Simplify the process for Trusts to procure the services and suppliers.</p> <p>Consolidate provider base – providing high quality suppliers to the NHS.</p> <p>Improve consistency of service delivery.</p> <p>Provide flexibility for NHS Trusts.</p> <p>Embrace the Sustainability, Corporate Social Responsibility and SME agendas.</p>
Framework dates	01/04/2015 – 31/03/2017

7. Language Services

LPP contract reference number	LPP Agreement LPP/2015/018
OJEU reference	2015/S 149-275624
Contract type	Dynamic Purchasing System
Contract background	In 2012, LPP ran a mini competition under the Buying Solutions framework for face to face interpretation including British Sign Language. A separate framework owned by the Department for Work & Pensions provided for access to telephone interpretation. These local contracts have now expired and as a replacement LPP has established a Dynamic Purchasing System for the Provision of Language Services including face to face interpretation - both spoken and non-spoken, telephone and video interpretation, written transcription and translation and the option of a managed service. The DPS is available to all public sector organisations throughout England.
Contract detail	<p>Lot 1a - Multi Discipline (Greater London)</p> <p>Lot 1b - Multi Discipline (South Central & South East)</p> <p>Lot 1c - Multi Discipline (South West)</p> <p>Lot 1d - Multi Discipline (West Midlands)</p> <p>Lot 1e - Multi Discipline (Central & East Anglia)</p> <p>Lot 1f - Multi Discipline (North West)</p> <p>Lot 1g - Multi Discipline (Yorkshire, Humber & North East)</p> <p>Lot 2a - Face to Face spoken (Greater London)</p> <p>Lot 2b - Face to Face spoken (South Central & South East)</p> <p>Lot 2c - Face to Face spoken (South West)</p> <p>Lot 2d - Face to Face spoken (West Midlands)</p> <p>Lot 2e - Face to Face spoken (Central & East Anglia)</p> <p>Lot 2f - Face to Face spoken (North West)</p> <p>Lot 2g - Face to Face spoken (Yorkshire, Humber & North East)</p> <p>Lot 3a - Face to Face non-spoken (Greater London)</p> <p>Lot 3b - Face to Face non-spoken (South Central & South East)</p> <p>Lot 3c - Face to Face non-spoken (South West)</p> <p>Lot 3d - Face to Face non-spoken (West Midlands)</p> <p>Lot 3e - Face to Face non-spoken (Central & East Anglia)</p> <p>Lot 3f - Face to Face non-spoken (North West)</p> <p>Lot 3g - Face to Face non-spoken (Yorkshire, Humber & North East)</p> <p>Lot 4a - Telephone Interpretation (all regions)</p> <p>Lot 4b - Video Interpretation (all regions)</p> <p>Lot 5 - Translation, Transcription & Ancillary Services (all regions)</p>
Benefits of using the contract	<p>All suppliers who have been awarded on to the DPS have already passed the first stage, the pre-qualification questionnaire (PQQ). This included supplier information, exclusion & selection criteria, economic & financial standing and technical & professional ability.</p> <p>Benefits for contracting authorities include: -</p> <ul style="list-style-type: none"> - Shortened procurement times as advertisement in OJEU and PQQ stage have already been undertaken- no further advertisement is necessary. - Increased competition as local providers can apply to get on to the DPS at any time during its period of validity. - Participating organisations can develop their own specification, based on pre-developed templates, to meet their own requirements and formulate the award criteria more precisely. - Award of individual tenders can be quicker than under some other procedures - the minimum time limit for return of tenders is 10 days. <p>For full information on how the DPS works, please read the User Guide.</p>
DPS Periods	28/09/2015 – 27/09/2020
Contract duration	5 Years

Permitted framework extensions:	Extensions allowed as per the Public Contract Regulations 2015.
Suppliers	The list of the suppliers for each lot will change regularly. For an up to date list please contact the DPS manager.
Accessible to?	All Public sector organisations in England
LPP main contact person	Mark Fox

8. Legal Services

LPP contract reference number	Legal
OJEU reference	2014/S 020-031452
Contract type	Framework
Contract background	<p>The NHS is a large and complex organisation and requires specialist legal advice on a range of issues.</p> <p>The compliant provision of legal services is being continued through a new framework awarded by NHS Commercial Alliance but open to LPP members - it is no longer restricted to London. The framework offers NHS organisations the flexibility to run further competitions to reduce established ceiling prices or to move away from fixed hourly rates through the use of retainer models</p>
Contract detail	<p>Lot 1 – Primary Care</p> <p>Lot 2 – Mental Health Law</p> <p>Lot 3 – Corporate & Commercial Law</p> <p>Lot 4 – Employment Law</p> <p>Lot 5 – Property Law</p> <p>Lot 6 – PFI/PPP Projects</p> <p>Lot 7 – NHS Governance & Public Law</p> <p>Lot 8 – Healthcare Law</p> <p>Lot 9 – Multi- disciplinary</p>
Benefits of using the contract	<p>Reduced risk by providing a framework for Trusts which ensures suppliers have adequate quality standards, recruitment procedures and insurance cover.</p> <p>Ceiling rates provided which can be reduced via a further competition.</p> <p>Flexibility to contract on a fixed retainer pricing model to achieve reduction in spends and cost assurance</p> <p>Free of charge consultation, either written or verbal up to one hour, to discuss legal matters</p> <p>Fixed prices for defined standard services</p>
Framework dates	01/02/2015 – 31/01/2019
Contract duration	4 Years
Permitted framework extensions:	No further extension periods

9. Medium Value Works

LPP contract reference number	LPP/2016/017
OJEU reference	2017/S 004-004435
Contract type	Framework
Contract background	<p>London Procurement Partnership (LPP) has observed great popularity and utilisation of the Minor Building Works Dynamic Purchasing System for works and projects to the value of £500,000, since its introduction in January 2016. Feedback from Members, Clients, and Participating Authorities indicated a lack of suitable routes to market for projects valued £500,000 - £5,000,000. Cited reasons included a lack of contract structure flexibility and large project values on other frameworks; making projects under than £5,000,000 less attractive. Given the interest displayed from members, clients, and suppliers for a new “smaller” competitive framework, LPP undertook a separate OJEU process to establish one.</p>
Contract detail	<p>The framework has been split into 70 lots to cater to the different work types, regions, and efficiencies of projects at different values. There are 5 work categories:</p> <ul style="list-style-type: none"> • General Building Works • Acute Environment Works • Heritage Works • Mental Health Environment Works • Modular Building Works <p>Each work category will be split between into two project value bands, to maximise efficiencies between SMEs and larger organisations: £500,000 - £2,000,000 £2,000,001 - £5,000,000</p> <p>To further promote efficiencies and value for money on a national level, the Framework has been split into 7 geographical regions:</p> <ul style="list-style-type: none"> • North East • North West • Midlands • East of England • London • South East • South West
Benefits of using the contract	<ul style="list-style-type: none"> • It is faster and less onerous than a full OJEU tender process; • There is no need to assess framework Contractors against criteria such as financial standing or business probity as these have been assessed during the PQQ stage of the framework establishment; • By using the framework there is no need for you to separately advertise your requirement; • By following these guidelines you can ensure that you are adhering to EU Procurement legislation
Framework dates	1 st August 2017 – 31 st July 2021
Contract duration	4 Years
Permitted framework extensions:	No extensions permitted

10. Minor Building Works Dynamic Purchasing System

LPP contract reference number	LPP/2015/021
OJEU reference	2015/S 213-387719
Contract type	Dynamic Purchasing System
Contract background	LPP identified a need for a compliant route to access suppliers for low value minor building works' services. A Dynamic Purchasing System enables smaller enterprises to bid for public sector work, and suppliers can apply to join the DPS throughout its life, unlike a standard framework.
Contract detail	<p>The DPS covers the following work categories:</p> <ul style="list-style-type: none"> Construction Work Building Construction Work Repair and Maintenance Services Building Services Maintenance (M & E) Electrical Installation & Maintenance/Services Building (General) Building Refurbishment Over £15k Building Repairs And Improvements (Max Notation £15k) Building (Design & Construct) Painting & Decorating (General) Joinery Doors Windows (Pvcu) Glazing Roofing Brick And Blockwork Tiling (Wall) Plumbing Flooring (General) Demolition Work Scaffolding Asbestos Removal/Treatment Site Clearance Landscaping Fencing Building (Hospitals) Building (Multi Storey Car Parks) to include maintenance Drainage Fire Protection (Sprinklers) Fire Protection-Smoke Vents (Automatic) Insulation (Building) Locksmiths Office Fit Out Partitions Plastering Road Maintenance (Minor Works) Building (Prefabricated/Temporary) Supply & Install Listed Building Work
Benefits of using the contract	All suppliers who have been awarded on to the DPS have already passed the first stage, the pre-qualification questionnaire (PQQ). This

	<p>included supplier information, exclusion & selection criteria, economic & financial standing and technical & professional ability.</p> <p>Benefits for contracting authorities include:</p> <ul style="list-style-type: none"> • Shortened procurement times as advertisement in OJEU and PQQ stage have already been undertaken - no further advertisement is necessary. • Increased competition as local providers can apply to get on to the DPS at any time during its period of validity. • Participating organisations can develop their own specification, based on pre-developed templates, to meet their own requirements and formulate the award criteria more precisely.
Framework dates	04/01/2016-03/01/2017
Contract duration	1 Year
Permitted framework extensions:	3 Years
Suppliers	As the list of qualified suppliers for each lot may regularly change, please contact the framework manager for an up to date supplier list.
Accessible to?	All Public Sector

11. Payroll Services

LPP contract reference number	LPP/2016/010
OJEU reference	2016S/172-309970
Contract type	Framework
Contract background	<p>NHS organisations may consider contracting out their payroll services in order to achieve efficiency savings.</p> <p>The Framework provides a means of selecting a cost-competitive supplier to deliver payroll services by way of a mini-competition. The Framework also provides a set of standard service specifications and performance indicators which helps avoid duplication of effort and enables NHS organisations to buy services in a timely and legally compliant manner.</p>
Contract detail	Mini -Competition
Benefits of using the contract	<p>The Framework has established ceiling prices that a supplier may not exceed when delivering services to any participating authority.</p> <p>NHS organisations are able to save on time and costs associated with running a full procurement.</p> <p>Standard services specifications and performance indicators have already been established that participating authorities can use as the base for developing their service.</p> <p>The breadth of services and the flexibility built into the framework enables NHS organisations to think more proactively about how they might outsource some of their back office processes.</p> <p>Volume discounts are available to organisations using the framework on reaching pre-defined payslip levels.</p>
Framework dates	22/11/2016 – 21/11/2019
Contract duration	3 Years
Permitted framework extensions:	1 Year

12. PFI Contracts Review

LPP contract reference number	LPP/2015/020
OJEU reference	2016/S 076-134603
Contract type	Framework
Contract background	The service allows NHS organisations to engage LPP, working in partnership with external PFI specialists, to look hard at their existing operational PFI contracts, and to institute measures to drive efficiencies and make savings in PFI contracts in line with the latest HM Treasury guidance. The suppliers will help and support LPP to provide member trusts with a 'one stop shop' multi discipline (financial, technical, legal) PFI efficiency review service.
Contract detail	Lot 1 – PFI Contracts Review (mini-comp/ Call-Off)
Benefits of using the contract	<p>An OJEU compliant route to market for PFI specialist advisors.</p> <p>The selected external advisors are highly experienced PFI finance, technical and legal experts who have a proven track record of delivering significant PFI savings across the public sector.</p> <p>Proven service with the first review delivering an optimum price reduction to the organisation of £4.81m on the soft FM element of the PFI contract over the next five years. This reduction represents a saving of around 12 percent on the annual spend on soft FM services, whilst maintaining service levels to the required standard.</p> <p>Services provided on a fixed or capped fee based on a competitive standard day rate rather than the 'success fee' model commonly adopted by commercial advisory organisations. This allows the NHS to keep all of the benefits delivered.</p>
Framework end date	31-03-17
Contract duration	2 Years
Permitted framework extensions:	2 x 12 Months
Suppliers	Lot 1 - PFI Contracts Review BDO LLP CIPFA Business Ltd Local Partnerships
Accessible to?	London Procurement Partnership
LPP main contact person	Edward James

13. Professional Services Dynamic Purchasing System

LPP contract reference number	LPP/2017/001
OJEU reference	
Contract type	Dynamic Purchasing System
Contract background	NHS trusts and other public sector organisations require the ability to flexibly deliver Estates Professional Services in the way they see fit for their site(s). The DPS can be utilised by any public sector organisation. This includes NHS Trusts (including PFI healthcare buildings and facilities), NHS Collaborative Procurement Organisations, Clinical Commissioning Groups, NHS England, NHS Property Services Ltd and other approved public sector organisations in England. Potential users of the DPS are identified in the OJEU Contract Notice.
Contract detail	<p>The following apprenticeship categories are currently in scope of the DPS: -</p> <p>DPS Work Categories:</p> <ul style="list-style-type: none"> Architecture Building Surveying CDM Coordinator Civil & Structural Engineering Cost Planning Electrical Services Project Management Air Systems Consultancy Breeam Assessments CRC & EU ETS Energy Conservation Geo-Thermal Surveys Energy Procurement Lighting Consultancy Environmental Impact Assessment Topographical, Building/ Infrastructure/ Site Surveys Authorising Engineers and Regulatory Consultancy Fire Consultancy Lift Consultancy Security Consultancy Waste Consultancy Water Hygiene & Legionella Risk Assessment and Consultancy Services Asbestos Surveys Life Cycle Planning & Management Estates Strategy and Business Case Development Equality Act/ DDA Consultancy Built Environment Consultancy and Workplace Transformation FM and Building Operations and Asset Management Consultancy Rent & Rates Review Property Acquisition Disposal & Management Advisory Healthcare Planning Acoustic & Vibrations Consultancy Drone Survey Ecology & Biodiversity
Benefits of using the contract	A DPS was chosen as the most suitable commercial vehicle following feedback from LPP member Trusts and other potential users of the

	<p>system. Establishing a DPS with multiple providers will help to create an environment which encourages fair competition, allowing Potential Providers to join at any time and choose whether to compete for all or any of the requirements for Estates Professional Services under the DPS for which they are considered suitable.</p> <p>Potential Providers who are successful in securing a place on the DPS will be entered onto a computer database maintained by Constructionline which the Contracting Authorities will access to source provision that meets their local business requirements.</p>
	<p>Benefits for contracting authorities include:</p> <ul style="list-style-type: none"> • Shortened procurement time as advertisement in OJEU and PQQ stage has already been undertaken. • Encourages competition as it is easier for local providers to get on to the DPS and join at any time during its period of validity. • Contracting Authorities can undertake a competition with a group of pre-qualified Tenderers with all qualification documentation held centrally by LPP. • Award of individual tenders can be quicker than under some other procedures. The minimum time limit for return of tenders is 10 days • Award criteria can be formulated more precisely for specific local contracts, adapting the LPP templates as appropriate. • Suppliers don't have to demonstrate suitability and capability every time they wish to compete for a public sector contract. • Suppliers may join the DPS at any time during its period of validity so they are not "locked out". • More accessible for SMEs.
Framework dates	01/04/17 – 31/03/21
Contract duration	1 Year
Permitted framework extensions:	3 Years
Suppliers	As the list of qualified suppliers for each lot may regularly change, please contact the framework manager for an up to date supplier list.

14. Soft Facilities Management Services

LPP contract reference number	L0028
OJEU reference	2012/S 187-0307998
Contract type	Framework
Contract background	<p>This framework has been established to allow public sector organisations to award contracts for a range of soft facilities management services. These can either be awarded on a per lot basis or can be awarded as a managed service through lot 1. Soft facilities management contracts are complex agreements which can take significant time and cost to award. LPP identified an opportunity to provide a framework to make the process faster, easier but also OJEU compliant.</p> <p>All suppliers appointed to this Framework provide comprehensive and innovative soft facilities management solutions and proactively assist the Authorities in their attempts to achieve efficiency savings through improved ways of working without impacting on patient care.</p>
Contract detail	<p>Lot 1 - Fully Managed Service for Soft Facilities Management Services (mini competition)</p> <p>Lot 2a - General Cleaning Services (mini competition)</p> <p>Lot 2b - Window Cleaning Services (mini competition)</p> <p>Lot 2c - Pest Control and Prevention Services (mini competition)</p> <p>Lot 3 - Catering Services (mini competition)</p> <p>Lot 4 - Linen and Laundry Services (mini competition)</p> <p>Lot 5 - Security and Manned Guarding Services (mini competition)</p>
Benefits of using the contract	<p>Provides a comprehensive soft facilities management service which meets all of the Authority's requirements and is OJEU compliant.</p> <p>Supports the Authority in meeting its requirements under The New Fair Deal.</p> <p>Provides a flexible solution in regard to the changes that may affect both the NHS and the wider public sector during the life of the framework.</p> <p>The framework is based on generic service specifications, which can be adapted to capture the requirements and service levels specific to the Authority. The suppliers' ability to deliver such specific requirements can be examined in the mini competition.</p>
Framework dates	02/04/2013 - 01/04/2018

17. Waste Management

LPP contract reference number	L0018
OJEU reference	2012/S 134-223380
Contract type	Framework
Contract background	<p>This framework has been established to allow public sector organisations to award contracts for waste collection and disposal services. These can either be awarded on a per lot basis or can be awarded as a managed service through lot 3.</p> <p>All suppliers appointed to this Framework provide comprehensive and innovative waste solutions and proactively assist Authorities in their attempts to reduce the quantities of waste sent to landfill and achieve their recycling targets. This is in line with the revised Waste (England and Wales) Regulations 2011, that prioritises the waste hierarchy.</p>
Contract detail	<p>Lot 1 - General Waste and Recycling (mini competition)</p> <p>Lot 2 - Clinical, Hazardous and Radioactive Waste (mini competition)</p> <p>Lot 3 - Integrated Waste Management (mini competition)</p>
Benefits of using the contract	<p>Provides a comprehensive waste service which meets all of the Authority's requirements and is OJEU compliant.</p> <p>Challenges contractors to demonstrate that the majority of the waste it handles is not sent to land fill and utilises the most appropriate and environmentally friendly methodology for treatment and disposal. Contractors provide transparent online reporting systems which identify the final destination for each waste stream showing whether it has been reused, recycled, recovered (waste-energy) or sent to land fill.</p> <p>The contract provides solutions that minimise waste to landfill, treats waste as a resource and embraces strategies to reduce miles and its ensuing carbon footprint and cost.</p> <p>Requires suppliers to have a fleet of vehicles which are at least EUROV compliant have been equipped with GPS tracking and reporting facilities on both the waste collected and the carbon footprint for the collection.</p> <p>Encourages Contractors to undertake training, education and road-shows to the Authority's employees to encourage and increase waste awareness.</p> <p>Provides a flexible solution in regard to the changes that may affect both the NHS and the wider public sector during the life of the framework.</p>
